PRACTICAL INFO

Staff

This trip is supervised by a Cuban Spanish speaking driver who is part of our Altai Cuba team. During the stay, your driver will be assisted by Spanish speaking expert local guides.

Food

Breakfasts, lunches & dinners

All breakfasts are included, served at our accommodation. For days when lunches are not included you can choose to purchase a picnic or to eat in a restaurant. Sometimes our hosts prepare lunches for us. Homestay accommodation often includes a homecooked evening meal prepared by our hosts. When dinners are not included you will discover restaurant options for every budget.

Eating Out

Due to the American embargo that has been raging in Cuba for many years now, state-owned hotels and restaurants offer simple Cuban cuisine, often limited in terms of variety. Menus served in state restaurants normally include chicken, fish or pork accompanied by congri (rice and kidney beans) and plantains (cooking bananas). Private restaurants are beginning to emerge, offering richer and more refined cuisine.

Homestay Meals

Homestay dishes are significantly more varied and plentiful. You will have a chance to sample local products like breadfruit, cassava, plantain, mango, guava, pineapple, papaya, coconut, pork, chicken, fish and sometimes lobster.

Drinks

In Cuba, we find excellent seasonal fruit juices, local beers (Bucanero and Cristal) and of course rum which features in many Cuban cocktails like mojitos, daiquiris and pina coladas. During your stay, all drinks, including mineral water, are your responsibility. You can fill your water bottles in villages, springs and hotels. We advise that you treat water with purifying tablets and avoid the purchase of plastic bottles which must then be recycled. If wish to buy bottled water, we advise you to invest in a large bottle or two (5 or 10 litres; available to purchase in Havana, Santiago or other main cities), from which to fill your personal water bottle up from as you go.

Accommodation

Homestay

For the most part you will stay in Casa Particular accommodation. You will be welcomed into the homes of local Cuban families. You sleep in a double / twin rooms; mostly with private bathrooms although in some places the bathroom is shared between 2 rooms.

Hotels

For some stages, we have chosen local 3-star category hotels with standard comfort. Please note that hotels in Cuba belong to the state meaning that we have no control over the quality of the services delivered. The rooms are always clean and spacious with private bathrooms but it may be that in some establishments, the rooms are not up to international 3* standards.

Other Accommodations

In Sierra, some steps require sleeping in rustic shelter accommodation with basic comforts. You sleep in a dormitory of 4 to 6 people. Blankets are provided but we advise you to bring a sleeping bag liner and or sleeping bag for cooler nights depending on the season.

Transportation

Transportation is provided by private air-conditioned vehicles. For some routes we use 4x4 vehicles.

Budget & exchange

Two currencies circulate: the Cuban peso (CUP) and the **Cuban convertible peso (CUC)** which is the only currency usable by foreigners.

1 CUC is more or less equivalent to 1 USD. Visit www.xe.com for the latest currency converter and exchange rates.

Only Visa and Master Cards are accepted by hotels. You will find cash machines which accept only Visa cards in Havana and Santiago. To exchange your cash, go to one of the many "casa de cambios" at the airport or you can exchange money at hotels in the main cities of the country. Please note that American Dollars are not accepted.

Tips

An example of good tipping etiquette in Cuba is...

- 3 CUC per day and per participant for your English-speaking guide
- 2 CUC per day and per participant for your driver
- 1 CUC per day per participant for your Spanish-speaking local guide

Please note that tipping is not obligatory. It should be adapted according to the standard of living and the duration of your trip and it should be left to the discretion of each individual.

Vital equipment

- A sleeping bag liner (or sleeping bag) for your night in a shelter (blankets provided)
- Water purification tablets
- A refillable water bottle or 2 (2L)

From head to toe

- A sun hat
- A bandana, to protect your neck
- A pair of sun glasses (good quality, 3 or 4)
- Thermal tops and bottoms
- T shirts, shorts and trousers suitable for hiking
- Appropriate underwear and pyjamas
- A warm layer
- A coat / jacket
- A rain coat (good quality, breathable with hood)
- Water proof trousers
- A swimsuit & fast drying towel
- A pair of hiking boots
- Thick socks for hiking
- A pair of casual shoes for evenings/gentle strolls
- 1 pair of shoes for wearing in water for snorkeling, swimming, etc

Material

We prefer that you do not wear cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool. The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

Helpful equipment

- Your personal toiletries
- Sun-cream (body and lips)
- Head torch and spare batteries
- A pair of hiking poles
- A waterproof bag cover (or plastic bags) to protect your belongings

Luggage

Please bring two bags; a small rucksack to use as a day bag and a larger bag (35L min) to store the rest of your belongings in. Your day bag should be comfortable to walk with and big enough to carry your lunch, water, swim stuff, spare layers and any personal belongings/medications. We ask that your larger bag is a flexible rucksack or holdall bag rather than a hard cased suitcase for easy transportation. Please note that it is possible to do laundry in the middle of your trip.

Medicine

Our guides are all certified First Aiders and will carry a First Aid Kit in case of emergencies. We recommend that you bring a small personal first aid kit containing any medication you may need such as inhalers, plasters, antiseptic and painkillers.

Passport

Most travellers require a passport which is valid for at least two months beyond the proposed duration of their stay. It is your responsibility to confirm your specific passport requirements and please be aware that proof of onwards travel may be required.

Visa

Most travellers need a tourist visa known as a Tourist Card and proof of onwards travel may be necessary. The tourist card enables travellers to stay in Cuba for up to 30 days; it can be obtained from your Cuban Consulate in person or by post (£39). It is your responsibility to confirm your specific visa requirements.

Mandatory vaccines

No mandatory vaccinations are required. Recommended vaccines include Tetanus, Diphtheria, Poliomyelitis, Polio, Typhoid, Hepatitis A and Hepatitis B. A consultation with your doctor is a prerequisite for any trip.

Health information & recommendations

Please take the usual precautions to avoid being bitten by mosquitos. The risk of Malaria is very low but other mosquito-borne and spread viral disease are present - follow your doctors advice. Tap water is not drinkable in Cuba. Please take extra care to observe basic hygiene measures effectively such washing your hands frequently and before each meal and take care to properly disinfect any skin wounds.

Weather

The subtropical climate of Cuba is influenced by the mild trade winds of the northeast. Temperatures vary very little throughout the year and only two seasons are clearly identifiable:

- The wet summer which lasts from May to October.
- The drier winter is from November to April. Average temperatures range from 22°C (71°F) in February to 30°C (86°F) in July and August

The east of the island is slightly warmer than the west. September and October hold rain records and correspond with the peak of the hurricane season.

Electricity

Most electrical outlets are flat 110V two pin plugs as in the USA. Some places are also equipped with 220V round two prong plugs as in Europe. Always check before plugging anything in and use appropriate adapters.

Local time

Coordinated Universal Time (UTC)/ Greenwich Mean Time (GMT) - 5 hours. Daylight Saving Time (DST) is observed.

Sustainable tourism

Altai always aims to have as little impact on the environment as possible. As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

Since the beginning, we have advocated for responsible tourism and the importance of equitable and sustainable principles. Harmonising these fundamentals ensures a fair distribution of economic benefits, improved working conditions for local teams and an increased awareness of the importance and practice of environmental protection.

We kindly request that you adopt the following simple actions when travelling with Altai Cuba in order to support our ethical, sustainable and responsible tourism policies:

- Avoid dropping litter - use bins or carry your rubbish with you.
- Use drinking water sparingly - avoid wasting water, take showers not baths, report leaks, etc..
- Support the preservation of cultural sites - resist the temptation to touch statues, move stones etc..
- Exchanges are preferable to donations - generations gifts can destabilize the local economic balance.

- When walking, be aware of fragile ecosystems, observe wildlife from a distance, stick to trails, limit trampling and do not steal from the nature - resist the temptation to pick flowers, collect fossils or stones...
- Some hotels have air conditioning - to avoid excessive energy consumption and greenhouse gas emissions, please use sparingly and remember to cut the aircon when you are not in the room.
